By the end of this unit, you will be able to take a explain to someone where you live in England. You will also be able to name some common buildings/shops within a town or city and give directions to find them.

Important information

Where we live

Carlisle is found in the north-west of England (close to the border of Scotland).

The UK and France

The UK is north of France. Our countries are separated by the English Channel (or La Manche as the French call it).

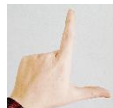

Giving directions

If you go to a French speaking country (of which there are 24 over a number of continents including Europe, North America and Africa), you may need to ask for directions. This can be easy if you know the names of common shops and important building. It can be harder to give or receive directions especially if you are speaking to someone whose first language is French!

Can you tell the difference between left and right?

The trick with your left hand can help you remember which way is left or right.

French – Giving Directions**Years Five and Six**

By the end of this unit, you will be able to take a explain to someone where you live in England. You will also be able to name some common buildings/shops within a town or city and give directions to find them.

	Lesson Objective	What you will learn	Learning Review
1	I can hold a simple conversation with at least 4 exchanges.	You will revisit simple conversations taught in the past (greetings, introductions including names and ages, polite questions). You will be able to ask where someone lives and be able to answer the same question.	
2	I can use the points of a compass to add detail to my explanation of where I live	You will label a compass with each of the directions in French. You will be able to write a short paragraph to introduce yourself and be able to explain more about where Carlisle is located using compass points.	
3	I can use an English-French dictionary	You will use an English-French dictionary to find French or English translations of places you may find in a town or city. You will know when to use the masculine or feminine version of 'the/a'. You will also know when 'the' needs to be written as 'l'	
4	I can use some simple directions	You will learn how to ask where a certain place is. You will learn the French translations for straight ahead, turn right and turn left. You will be able to use a simple map to describe how to find some places.	
5	I can add more detail to my directions	You will begin to add detail to your directions eg. the first road on the right, the third road on the left. You will use a more complex map to describe the location of buildings that could be found within a town.	
6	I can listen to a native French speaker give directions	You will listen to native French speakers give simple directions in French and you will translate these into English.
