

### English

In English, we will be learning how to write a brilliant set of instructions. We will be dissecting different sets of instructions and see how effective they are for communicating the task required. We will be looking at the text 'How to Wash a Wolly Mammoth' and writing a similar set of instructions linked to our stone age topic.

After we have finished writing our informative instructions, we will be writing a biography all about the character from our guided reading book 'Stig of the Dump'.

#### **Guided Reading/Read Aloud**

This half term, we will be reading 'Stig of the dump'. Stig of the Dump is about a young boy, Barney who visits his grandparents house which is located next to a chalk pit. When he is playing in the chalk pit, Barney discovers a strange creature that is almost human looking.

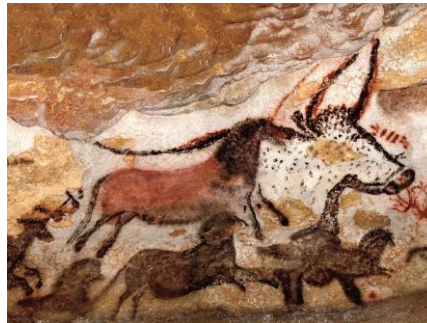

### PE

In PE, we are so incredibly lucky to have Carlisle Utd. Continuing to come to teach us team games. In addition to this, Miss Scotson will be teaching orienteering skills including team work, navigation and map reading.

Note: All of these activities are suggested and what we hope to cover over the course of this half term

### Maths

In Maths this term, we have fraction frenzy! We will be looking at all things fractions. To start with we will recap what we have previously learned about fractions before delving into the world of fractions greater than 1 (improper fractions and mixed numbers). After this we will start to learn about decimals and how we can convert between fractions and decimals.

## The Stone age

### Computing

For our computing sessions this half term we will be learning how to stay safe online. We will look at how people aren't always who they say they are and what information is safe to share.

### RE/SMSC/British Values/PSHE

In RE , we will be looking at the different events over the Easter and Lenten period. We will be thinking about sacrifice and forgiveness, especially how Jesus made the ultimate sacrifice for us.

### History

This half term our humanities topic is 'The stone age'. We will be learning about this vast period of time when the first signs of early humans walked the earth. We will be learning about the evolution of human behaviour throughout the three stone age periods and where this appears in time in relation to other significant events in history.

### Art/Design

This half term we are going to be learning all about the work of Stephen Fowler who is a famous print artist. We will be looking at different ways we can print and which way is most effective to recreate a piece of Fowler art.

### Science

In Science, we are feeling electric learning all about electricity and how we can create circuits. We will be looking at the different components within a circuit and how different materials are used for certain jobs due to their conductive nature. Hopefully we won't have hair standing on end by the end of this topic.

### French

In French, we will continue learning all about the places that we visit on a regular basis. We will learn the names of these places and use what we learned last half term to help us to navigate.
